INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Shareholders of
 SBI Holdings, Inc.:

We have audited the accompanying consolidated balance sheets of SBI Holdings, Inc. (the "Company") and consolidated subsidiaries as of March 31, 2008 and 2009, and the related consolidated statements of operations, changes in equity, and cash flows for each of the three years in the period ended March 31, 2009, all expressed in Japanese yen. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of SBI Holdings, Inc. and consolidated subsidiaries as of March 31, 2008 and 2009, and the consolidated results of their operations and their cash flows for each of the three years in the period ended March 31, 2009, in conformity with accounting principles generally accepted in Japan.

We have also audited management's report on internal control over financial reporting of the consolidated financial statements of SBI Holdings, Inc. and consolidated subsidiaries as of March 31, 2009. The Company's management is responsible for designing and operating effective internal control over financial reporting and for preparing its report on internal control. Our responsibility is to express an opinion on management's report on internal control based on our audit. There is a possibility that misstatements may not be completely prevented or detected by internal control over financial reporting.

We conducted our internal control audit in accordance with auditing standards for internal control over financial reporting generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether management's report on internal control is free of material misstatement. An internal control audit includes examining, on a test basis, representations on the scope, procedures and results of the assessment of internal control over financial reporting made by management, as well as evaluating the overall presentation of management's report on internal control. We believe that our internal control audit provides a reasonable basis for our opinion.

In our opinion, management's report on internal control referred to above, which represents that the internal control over financial reporting of the consolidated financial statements of SBI Holdings, Inc. and consolidated subsidiaries as of March 31, 2009 is effectively maintained, presents fairly, in all material respects, the assessment of internal control over financial reporting in conformity with assessment standards for internal control over financial reporting generally accepted in Japan.

Our audits also comprehended the translation of Japanese yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made in conformity with the basis stated in Note 1. Such U.S. dollar amounts are presented solely for the convenience of readers outside Japan.
