5. Other Information

The Group conducted a Tender Offer for the Shares of Shinsei Bank, Limited (the "Target Company") to establish and reinforce a business alliance relationship between the Group and the Target Company. Based on the results of the Tender Offer, the Target Company became a consolidated subsidiary of the Company as of December 17, 2021 (the commencement date of settlement for the Tender Offer). As a result of the above business combination, total assets increased by ¥10,260,501 million in the Consolidated Statement of Financial Position, and a gain on bargain purchase of ¥263,754 million was recognized in the Consolidated Statement of Income. The loss recognized in the Consolidated Statement of Income from the acquisition date to the end of the reporting period of the Target Company was ¥56,421 million. This was mainly due to the recognition of expected credit losses on loans. With respect to the above business combination, the initial accounting for the acquired identifiable assets, liabilities assumed, non-controlling interests and gain on bargain purchase has not been completed, and the measurement has been made on a provisional basis based on currently available information, since it takes time to organize and analyze information mainly on loans, unlisted stocks, and customer deposits for banking business.
